YMCA Campaign Launched With Two Century Clubbers

Albany YMCA's membership campaign got off to a good start at the "blast off" last Thursday noon, when two Century Club members were reported.

Mrs. Delbert Locke, president of Albany Woman's club, presented Flight Control Officer George Hein with a check for \$100 for the first Century club membership. The group, which traditionally assists the Y financially, has held a Century Club membership for three years.

Hein introduced Flight Captains Bud Read, Bill Rothschild, Bud Rooney and Orville Spaugh, who in turn introduced the "Albany" working with them on the four lunar flights.

The Flight Control Officer said there are 350 prospective members in Albany. Goal of the campaign is \$3,000 in two weeks. There will be a report meeting tomorrow and a final meeting on Feb. 20.

Charles Fender, general chairman of the Berkeley YMCA goal, spoke briefly, urging each worker to set a goal for himself daily.

Y Board

Clay Berling is chairman of Albany YMCA Board of Management. Other officers are George Hein, vice chairman; Bernice Boyd, recording secretary, and Bud Read, treasurer.

Other members include Henry Austin, Robert Brilliant, Don George, Rev. Ronald Greilich, Mrs. Lloyd Hawkinson, Walter Kees, William Lacy, Richard T. McSheehy, Harold W. Olson, Harry J. Price, Bud Rooney, Bill Rothschild, Donald Sisk, Orville

Bulletin

Albany's weatherman is just like the rest of them.

On Monday George Bernard scanned the skies and said the weather would clear (see My Word). On Tuesday he reported that since he said the weather would get better Albany had been deluged with one inch of rain.

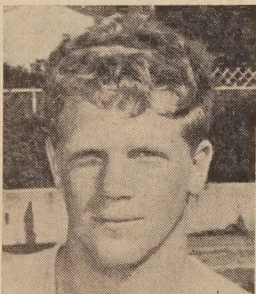

George reported a total of 3.25 inches of rain from Feb. 4-11, making a new grand total for the season of 25.13 inches, compared to 15 inches as of Feb. 11 last year.

Junior Class Benefit Game Feb. 19

Albany High school juniors will present the KDIA vs. AHS faculty basketball game in the school gym at 8 p.m. Wednesday, Feb. 19.

Tickets are \$1 and may be purchased from any junior or at the Albany Times.

Athlete of Week

ALBANY BOOSTERS CLUB
Athlete of the Week for Jan. 27-31 is wrestler Peter Heymans. During the week, Peter pinned his 10th and 11th victims of the year. However, his most outstanding contest was his one point loss to his Liberty opponent, who out weighed him by almost 20 pounds. Peter was injured during the contest, but refused to concede and closed the gap to one point, when time ran out.

Stanley F. Johnson Will Discuss Shoplifting At Chamber Breakfast

Stanley F. Johnson

Stanley F. Johnson, executive director of Bay Area Grocers' association, will show a 15-minute film on shoplifting and discuss the subject at the February breakfast meeting sponsored by Albany Chamber of Commerce Thursday, Feb. 20, at 8 a.m. at the Blue Mill.

President Elmer Coble has invited business people to make

reservations by calling 525-1771 or by dropping by 1108 Solano and picking up the \$2 tickets.

Johnson will help business people decide on apprehending offenders and follow through the court procedures involved. He will show new and relatively unknown techniques of shoplifting and discuss losses in stock, cash and time caused by employee and customer activities.

A native of Oakland, Johnson continues to live in the house in which he was born. He and his wife have two daughters and a son. He serves on many national boards and has received many honors in his field.

BURGLARIES

Two home burglaries were reported to Albany police. At 926 Curtis, value of loss was undetermined. At 841 Solano, about \$140 in property was taken.

Council

City Employees Get Mid-Year Salary Increases, Benefits

Albany City Council Monday night granted mid-year pay increases to city employees, retroactive to Feb. 1, and other benefits.

Police and firemen will receive 3 1/2 per cent increases; other employees, 2 1/2 per cent. Employees will be allowed to accumulate 180 days of sick leave and they will be given their choice of health plans.

A fourth portion of the package will vary the salary scale between ranks. During discussion, it was obvious that this refers directly to the "gross inequity" of the salary of Beulah Bell, director of Albany Senior Center, who receives \$499 monthly. Councilman H. F. Call said it would take about \$200 a month to bring her up in line with those in comparable positions, that her present salary "is not a living wage."

The discussion about Mrs. Bell was cut short when Councilman Lewis Howell said it should be discussed at a personnel session.

Mayor Richard O. Clark, who brought up the matter, which later passed unanimously, said the estimated cost for the remainder of the year will be between \$10-11,000.

Ellis-Olson Permit

Council overruled the Planning and Zoning commission by granting a variance to Ellis-Olson mortuary to permit them to build an employee apartment in the mortuary. The better part of an hour was spent on the matter with Call saying it should be denied and go back to P&Z as a request for a use permit and City Attorney Larry Saler standing pat on his original opinion that the application was in order and offered the most restrictions on use of the apartment.

When unanimously approved, the variance included the provision that the apartment must be used only for employees and not as a rental unit.

Animal Control

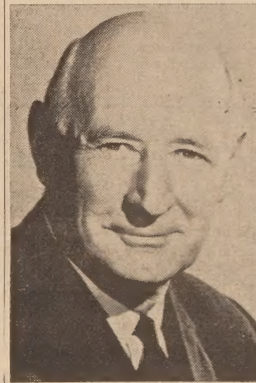

Council unanimously passed to print (see legal today) a lengthy animal control ordinance.

They passed resolutions appointing John Dustin Clark as probationary patrolman and Gerald Martin as probationary sergeant with stipulated conditions making it contingent on naming an inspector when a list of those eligible is completed. Intent of Council is not to increase the number of sergeants, although Mayor Clark said if it is necessary to have six sergeants, he would be in favor of that.

Property Tax Relief

Call's proposed resolution concerning property tax relief and reform for the benefit of California property owners was discussed. Howell proposed that the resolution stipulate that owner-occupied homes valued at under

Sir James Pitman

Sir James Pitman, originator of the famed transitional alphabet on which the American Early-to-Read first grade program is based, will speak at Cornell school auditorium at 8 p.m. Monday, Feb. 24.

His talk will be open to the public without charge. All interested educators are invited to attend. Following his speech, a panel will discuss how i/t/a is being used in California schools.

According to William G. Woolworth, Director of Instruction, five Albany first grade classes are using the Initial Teaching Alphabet. He said that having the originator of this alphabet speak in Albany provides an unusual opportunity for the teaching staff and Albany parents.

Sir James has only one other speaking engagement in February—in Long Beach.

He was a member of Parliament from 1945-64 and is the grandson of the famous inventor of shorthand, Sir Isaac Pitman. He was educated at Eton and took an Honors degree in Modern History at Christ Church, Oxford. Sir James served in the

STRONG ARM

A 77-year-old Albany woman reported to police that she had been the victim of a strong arm robbery at Ramona and Marin, where two young people snatched her purse with such force that she fell, injuring her nose and knees. She was taken to Herrick hospital. Loss was about \$10.

They Fed 1,150 At Fish Fry!

The committee for the Band Boosters' annual Fish Fry last Friday night at Cornell school prepared for 900 people and wound up feeding 1,150, Mrs. Harold Van Coops reported.

They thought they might need 200 take-out dinners, she said, but when it was over, they had prepared 500. Some people came for 12 to 15 take-outs for dinner parties in progress at their homes.

The fish lasted throughout the onslaught of hungry patrons, but they sent out for more cole slaw and bread, Mrs. Van Coops said.

The advance sale of 700 tickets did not indicate the large turnout, Mrs. Van Coops said, but the committee was wonderful and thrilled with the crowd. There were some rough moments, she admitted, and they were sorry that some had to wait for their food.

Mrs. Van Coops said she had hoped for about 300 lemons but after an appeal was published in last week's Times, she received thousands. Some people even arrived at the dinner with their donation of lemons in bags.

The group who worked on the dinner will have an evaluation this week. They may consider limiting the number of tickets sold, extending the hours of serving or some other method of coping with a successful event that has outgrown its quarters.

Berkeley Garden Club Meets Tuesday, Feb. 18

Berkeley Garden club will hold their monthly meeting Tuesday, Feb. 18, in the Brazilian Room at Tilden Park. Mrs. C. Clark Rocca, president, will conduct the business meeting at one o'clock. There will be a short recess to give members a chance at the Exchange Table and to view the horticultural displays.

Because this is Conservation month, Mrs. Gene C. Otwell, program chairman, asked Mrs. W. U. Ellis, conservation chairman, to provide the program. Mrs. Ellis has invited Miss Geraldine B. Larson who is Information Officer for the U.S. Department of Agriculture, located on Sansome Street in San Francisco, to give us a talk on conservation. Miss Larson first worked on conservation with women's organizations and youth groups.

She will review the current status of Penny Pines program in which Berkeley Garden club has taken a deep interest. The club has given many memorials to this project in honor of their members. She will talk about the reforestation needs in California national forests. Miss Larson will also discuss the effect of smog in regard to conservation.

Another subject will be the work that is being done in co-operation with schools. Last year members of the Garden club helped with field trips to Cordillera and Equatle Parks and this year under the leadership of Mrs. W. U. Ellis they will again help with these trips and also make a financial donation.

Club members went on a tour to old St. Hilary's church, which is a Belvedere-Tiburon landmark and now a museum with a botanical wildflower garden. They were so impressed they were happy to help preserve this con-

servation spot. This year the club has also sent several donations to Pigmy forest in Mendocino county, the only forest of its kind in the world. These are some of the conservation projects which the club is proud to be a part of.

Mesdames A. J. Dix and Howard Raab will do the decorating for the conservation program.

Mrs. A. J. Dix announces there will be two study groups this month. Bonsai—Wednesday, Feb. 19, at 10 a.m., at the home of Mrs. E. J. Strohmaier, with Mrs. Harvey K. Suzuki, leader.

Succulents—Tuesday, March 11 at 10 a.m. at the home of Mrs. Robert Brown. Subject: Hawthornias. Leader, Mrs. James Cason.

Three tours are being planned, one on March 29 and one on March 30, to the Ikebana International Flower Show, San Francisco.

The third, March 25, at 10 a.m. to the U.C. Botanical Gardens. Call Mrs. A. J. Dix, regarding transportation.

At the board meeting held Feb. 4 at the home of Mrs. G. Otwell, it was voted to hold a National Council of State Garden Clubs Standard Flower Show on May 24 and 25 at the Rotary Art and Garden Center at Live Oak Park.

Mrs. R. J. Henderson consented to be chairman of this affair. There will be a preview on the evening of May 23. This will be the first flower show in the new Rotary Art and Garden Center and will be presenting an art form that hasn't been shown before. The show will be under the auspices of the Park and Recreation Department and anyone interested will be welcome to attend. The Berkeley Garden club members hope this flower show will create an interest in not only a Standard Flower show but also bring people to visit the Live Oak Park, one of the club's civic projects.

Mrs. Kenneth G. LaViolette was welcomed into the club as a new member at the January meeting.

popolitan Life at 1742 Solano Ave., is not only charming but exceedingly discerning. He was the featured speaker at the Valentine Party Albany Rotary club gave for Rotaryannes, Soroptimists and Soroptimists. Five handwriting samples were given to him for analysis. Mine was one. You may be surprised to know I'm well-balanced with a great need for space; have a well-developed ego; try to beautify things around me (Albany Times office doesn't count); love my fellow man; have a sense of loyalty and sense of humor and have great appreciation of the material blessings of life. He also analyzed Jackie Raspberry, Joe Dagna, Bob Carlson and Yvonne Walkup. They were pleased, too.

his company lost more than \$13,000 in Albany in 1967 and that figure would be close to \$18,000 in 1968. He attributed most of the company's financial difficulties to the fact that more than 500 employees had been organized by a labor union in 1967, resulting in 50 to 75 per cent wage increases in a short period and additional fringe benefits which average \$87 per employee per month.

He said they hope to come out with a \$9,000 net profit in Albany this year by increasing home pickup rates from \$1.35 to \$1.90 per month and commercial from \$1.25 to \$1.70. He said they would also like to limit the weight of containers and contents to 75 pounds.

Council and Scavenger representatives will hold a work session to discuss details, hoping to reach a decision by April 1, date of the next quarterly billing.

New Solano Lights
Because the 1927 vintage wiring on the Solano street lights has made it almost impossible to keep the street lights in operation, especially during the rain, PG&E has offered to replace existing fixtures with mercury-vapor lights on the wooden poles. There will be no increase in cost for the service, which is a stop-gap measure until undergrounding and new street lights are in-

stalled.
Illuminating Engineer for PG&E J. J. Sturgeon said, "We can't maintain good service to you with the system on Solano today."

Council unanimously accepted the offer.

Deny After-Hours

Council unanimously denied the application of Wally Souza and Jim Candelario, new owners of the Interlude, for a regular and after-hours dance permit. It was denied on several grounds, primarily because it is not in the best interests of the health and welfare of the community and is adjacent to a residential neighborhood.

Albany Hill Road
An excavation permit application from Bessemer Securities corporation for a road on Albany Hill drew Council fire. According to Councilmen, the roadway will take traffic to a new multi-million dollar department store in Richmond (parking lot in Albany) and to the Plaza. They were not sure the original application to the Planning and Zoning commission was in order. It was held over.

Council set March 10 as a date for a public hearing on a variance request at 811 Adams to construct an office addition to a dwelling. The request was approved by Planning and Zoning

commission.

Pensions, Etc.
Mayor Clark reported that the Police and Fire Pension Fund commissioners had no recommendations as to wording of proposed charter amendments concerning the pension fund, which is \$½ million in the red. Council would not accept the report, unanimously sent back a request that they do make recommendations.

In related matters, Clark reported that Police Chief Ralph Jensen has requested reduction of the age and number of years at retirement. He may now retire at 60 after 30 years of service at two-thirds of present salary or at 55 after 25 years or age 60 after 20 years of service at half salary. The request was retirement at age 50, after 25 years of service at half salary. The matter was referred to the Civil Service club and Pension board for recommendations.

Call asked the City Attorney what would happen if the present police chief retires and a new chief, age 61, is elected. His question was if that person would be eligible to retire at 65. Saler said he would have to serve five years in the rank. Later Saler said the charter also stipulates at least 20 years of service.

Other Matters
In other action in a two and a half hour session, Council accepted a recommendation from Traffic and Safety commission that an adult traffic guard be retained at Jackson-Buchanan crossing at no cost to the city after the new traffic lights are in operation; referred to Chief Jensen an application to tow and store autos for Albany from Allen Fifield of El Cerrito; granted a temporary taxi permit to Rainbow Cab; extended a red zone on Buchanan Street, and congratulated Boy Scouts, who conducted a mock session prior to the Council meeting. Just before adjournment, they again authorized the mayor to proclaim Life Insurance Week Feb. 17-21. The meeting adjourned at 10:35 p.m.

LSD May Not Cause Birth Defects

An Assistant Professor of Toxicology at UC believes "scare articles" on LSD, which appear in national news magazines, are sometimes inaccurate and totally misleading.

"Unfortunately, unscientific and unreliable information on LSD is labeled by some as 'just another drug lie' and by others as justification for stronger drug laws," Dr. David E. Smith continued by saying, "There is need for considerable scientific research prior to confirmation or rejection as to whether LSD consumption causes chromosome damage and birth defects. Presently it is an open question concerning the relationship, if any, between LSD and genetic damage."

The noted Bay Area pharmacologist's lecture was the third of six evening meetings on "Drug Abuse" co-sponsored by the Albany High School PTA and the Albany Adult School.

The next program will be held

A donation of \$3.50 provides a steak dinner, dancing and chance to win a prize.

Members of the lodge who are unable to come may send a donation.

Now It's Ensign Douglas Peterson

Coast Guardsman Douglas R. Peterson, son of Mr. and Mrs. Ralph E. Peterson of 992 Peralta Ave., and husband of the former Miss Roberta S. Schofield of 915 Neilson St., all of Albany, was graduated from Officer Candidate School at the U.S. Coast Guard Reserve Training Center at Yorktown, Va.

Of 4,800 applicants and a resulting class of 189, Doug was one of 161 commissioned as an ensign. Only 30, including the Albany boy, had prior service qualifications. The rest were college graduates.

After 17 weeks of specialized and rigorous training, graduates of the school are assigned duties in various Coast Guard fields. He will go to San Diego, where he will be in charge of the new 210-foot cutter, "The Venturous." His wife will accompany him.

The couple drove home from Virginia following his graduation, arriving Feb. 4.

On Wednesday evening, Feb. 19, when two guest speakers will discuss "The Bay Area Drug Scene." The meeting will convene in the Little Theater of Albany High at 7:30 p.m. All interested adults and minors are invited to attend any or all of the three remaining free programs on drug education.

the production of good thinking or good legislation. Your particular suggestions for property taxes might just as well have been aimed at the sales tax, the income tax, the gross margins tax, the vehicle tax, the gas tax, or any other. Why do you not suggest that these taxes are too high? In my opinion, based on a serious evaluation of the entire tax structure and its relationship to the factors of production, these are the taxes which should be severely limited. More than that, the proposal you make might have validity if you considered the assessment we make upon the improvements we have. This is the area of taxation which really bugs the homeowner, the fact that we tax his paint job, his eye for a beautiful home, etc.

Before taking issue with me, I suggest that you, as well as the other legislators and city councilmen, take the time to closely examine the impact of taxes upon the active and passive factors of the production of wealth in any economy. This is not something that can be done in a few minutes, but it is essential if you really are concerned about the problem of taxes and how they are raised. The Alameda County Grand Jury recently made a grand pronouncement in which they suggested some changes in the tax procedure. A casual reading of their findings reveals a gross misunderstanding of taxation, but only if one knows the subject.

Perhaps the issue here is similar to the ancient physician who believed that bleeding a patient would relieve the internal evil pressures. He was motivated by humanitarian ideas, was able to support this idea with apparently

logical argument, but still lost a lot of patients, and made a lot of fat leeches. Occasionally someone made it, and the ancient physician would rejoice in his success. If someone could go back in time and try to persuade that doctor about the causes of illness,

the proper treatment, etc., it would be difficult since it would require a thorough job of explanation and demonstration from the ground on up. So it is with taxes. We have many ancient physicians losing a lot of patients (or don't you read the pa-

pers) and making a lot of leeches very fat. The occasional success sometimes obscures the festering symptoms of riots, revolutions, welfare loads, slums, and unhappy people.

Mr. Call, I invite you take the time to study the situation in its

entire perspective. I am most happy to invite you to the School of Social Sciences find it most rewarding. Sincerely,
CLAY BERLIN

Let's face it: this winter hasn't been so hot.

That's why your
PG&E bill may leave
you a little cold.

Your winter PG&E bills are bound to be bigger because they stand for more: More days and nights with the thermostat turned up. More lights (and burning longer). More hot meals. More TV watching and stereo. More of just about all the wintertime comforts of home.

But remember, spring is just around the corner. So your bill will be on its way back down. That should make you feel warm all over.
